**VSL ENGINEERING DONATES \$55,000 IN KIND SERVICES
TO HELP BUILD JACOB'S HOUSE**

TEMECULA, CA – May 1, 2009 – Jacob's House recently received a \$55,000 in-kind donation from VMware Solutions Lead (VSL) Engineering to perform land entitlement and civil engineering services.

“We are looking forward to partnering with Jacob's House in our efforts to bring this house to reality. We're ready to jump in and get started,” says owner, Richard Valdez.

“This is a huge step in moving the Jacob's House project forward,” says Shawn Nelson, father of Jacob Nelson. “They have gone beyond our expectations!”

Jacob's House, Inc. is a non-profit 501(c)(3). The organization is currently in the process of initiating a capital campaign to raise funds for its building design and land acquisition. It will be a home of refuge where families and loved ones of those in traumatic medical need can find hope, comfort, peace and inspiration. Jacob's House will be a community resource dedicated to serving families in crisis. It will do this by providing a shelter for physical, emotional and spiritual support.

For more information about Jacob's House, please call (951) 452-2627 or visit www.jacobshousetemecula.org
